 - http://stellarsupport.deere.com/en_US/support/pdf/qrg/en/PF11892_Harv_Doc_Comb.pdf
- Current Firmware: Version 1.97B
- Additional Information:
 - To avoid data loss, backup the entire card to a folder on your computer before reading into any mapping software. You should also check to make sure data is recording correctly early in the harvest season using your mapping software.
- For more information log on to http://stellarsupport.deere.com/en_US_new/ or contact GreenStar Customer Support at (888) 476-7827
